

SPECIAL SIMTRAK™ HINT:

NAMING YOUR SPORTS

Before you choose how you will name your sports in Simtrak™ Mobility, please give some thought to how you will structure those names.

For example, some schools will use a format of gender followed by sport, like “Womens Basketball”, or an abbreviation like “M-Tennis” for men’s tennis. Some will use commas, some dashes, some just spaces between two-word entries. There is seemingly no end to the varieties of codes, abbreviations, and various word schemes that are possible from one organization to another.

From our experience, we advise that you choose a naming procedure as shown below. Otherwise, there will be instances where you will not be able to obtain certain reports the way you may want them. Following this hint will enable your best report generation ability:

Sport First, then Gender Second (*examples below*)

Soccer, Mens
Soccer-Mens
Soccer Mens
Soccer Men
Soccer, Womens
Soccer - Girls

... and so on, with whatever wording, letters, and abbreviations you might like (*you cannot use the apostrophe such as in Men’s*).
